

CONFIGURATION

NOTES: <small>Modifier</small>	
	<ul style="list-style-type: none">Stack height value in technical data table includes seal retainer plate.This installation requires a retainer and seal kit which are purchased separately. See "Related Accessories" section.
	<ul style="list-style-type: none">For check valve application, use only with CX*A check valves - free flow nose to side.Important: Carefully consider the maximum system pressure. The pressure rating of the manifold is dependent on the manifold material, with the port type/size a secondary consideration. Manifolds constructed of aluminum are not rated for pressures higher than 3000 psi (210 bar), regardless of the port type/size specified.

MODIFIER (IS3)
