

MODEL **ZV6**

ISO 03: Tap in manifold - A and B

sunhydraulics.com/model/ZV6

CONFIGURATION

NOTES:

- Seal retainer plate is not required for this model.
- *Important:* Carefully consider the maximum system pressure. The pressure rating of the manifold is dependent on the manifold material, with the port type/size a secondary consideration. Manifolds constructed of aluminum are not rated for pressures higher than 3000 psi (210 bar), regardless of the port type/size specified.

MODIFIER

6061-T651 Aluminum, Buna-N
