

CONFIGURATION

- NOTES:**
Modifier
- Seal retainer plate is not required for this model.
 - **Important:** Carefully consider the maximum system pressure. The pressure rating of the manifold is dependent on the manifold material, with the port type/size a secondary consideration. Manifolds constructed of aluminum are not rated for pressures higher than 3000 psi (210 bar), regardless of the port type/size specified.

MODIFIER

6061-T651 Aluminum, Buna-N
